

# Breaking the Poverty Cycle

## One Child at a Time

Focus on Children Now (FCN) is driven by the motto, "Break the poverty cycle, one child at a time." A registered 501(c)3 charity based in California, FCN is focused on helping impoverished children in the need of access to the basic necessities of life.

As a young charity, FCN has had tremendous success helping over 60,000 children and their families by distributing donated clothing, shoes, school supplies, toys and medical supplies, allowing the beneficiating children to feel more confident about entering society and shrugging off the stigma of poverty.

Ararat Charter School would like to invite you to support and donate your new and gently used clothes to disadvantaged children and their families, in Armenia.

## Gently Used Clothing Drop-Off

Every Friday, Front Entrance

Starting April 1<sup>st</sup> 2011

Please note: FCN cannot accept major appliances, mattresses, and intimate apparel. However they can arrange pick up of large furniture items, in good condition.

**"Your desire and a little time are all it takes to make a difference in a child's life."** FCN
